

Gulfstream Jockeys

At any race meet, the Top 10 riders account for almost 67% of total wins while riding about 50% of all starters. Always pay attention when a Top 10 rider switches on a horse previously ridden by a journeyman. At Gulfstream, give a double look when a Top 10 rider from, say the New York circuit, suddenly begins to ride for a Calder-based outfit. Below are the Top 50 Gulfstream riders based on the last three meets.
